

Class D Summer Newsletter

This term we have been very busy looking at Jack and the Beanstalk in Literacy.

We have been growing our own vegetables and exploring measurement in numeracy.

The children's progress is fantastic!

We are really pleased, thank you to all the parents who came to the mini parents evening.

We thank you for your support.

Reading on Friday morning

Thank you to all the parents who stay on Friday morning to read with the children, the children really enjoy it.

The Royal Wedding

We would like to celebrate the Royal wedding so we have decided to have a special Royal tea party in class. We will be doing this one day on the last week of term before the May holidays.

Children can attend school in their special occasion clothes and are invited to bring a selection of snacks to share with their friends. We will provide other snacks too. We will put a list together and let you know nearer the time.

Forest Schools.

We have started out forest schools activities and each Monday a group of children have been exploring the local surroundings.

We've made and hunted for Hp rocks and also found fairies in the woods. We made a den for the fairies.

There are lots more fun things to come!
