

Class A

Brain Builder Book

Friday 18th January to be handed in by Friday 25th January 2019

Basics: reading, spellings and times tables – these must be done throughout the week. Children will be tested on their spellings on Mondays.

Then choose from the list of activities below. Complete as many as you like. If you want to do something different that still links to what we have been learning in school, then you can do that instead! The choice is yours.

Rules: You should complete 2 pages (no more!) of your Brain Builder Book each week and your work should be well presented.

- News: It is the 90th anniversary this week of Popeye the sailor, the American cartoon character with a love of spinach and superhuman strength. Can you draw Popeye? (There are lots of tutorials online). Maybe you could create a Popeye-inspired comic strip.
- Topic: The Peak Forest Canal runs past the back of school. What can you find out about the canal? Record your findings.
- Maths: Year 5s – Equivalent Fractions worksheets. Year 6s – Converting mixed numbers to improper fractions and vice versa worksheets.
