

## Class A

### Brain Builder Book

**Friday 5th April to be handed in by Friday 12th April 2019**

Basics: reading, spellings and times tables – these must be done throughout the week. Children will be tested on their spellings on Mondays.

**Then choose from the list of activities below. Complete as many as you like. If you want to do something different that still links to what we have been learning in school, then you can do that instead! The choice is yours.**

**Rules: You should complete 2 pages (no more!) of your Brain Builder Book each week and your work should be well presented.**

- News: This week, London Zoo welcomed the world's largest amphibian – Chinese Giant Salamanders! They are very rare and might become extinct. Write a non-chronological report about these unusual animals.
- English: It will be Easter soon! Imagine that one day you find an unusual egg in your garden. Where has it come from? How will you care for it? What might happen if it hatches? Write a story about the discovery of the egg and your adventure afterwards.

- Maths: Easter-Themed Multiplication and Division Mosaic. Complete ONE sheet only. Choose your level of challenge.
