

Class A

Brain Builder Book

Friday 17th May to be handed in by Friday 24th May 2019

Basics: reading, spellings and times tables – these must be done throughout the week. Children will be tested on their spellings on Mondays.

Then choose from the list of activities below. Complete as many as you like. If you want to do something different that still links to what we have been learning in school, then you can do that instead! The choice is yours.

Rules: You should complete 2 pages (no more!) of your Brain Builder Book each week and your work should be well presented.

- News: A man from Nepal has become the first person to climb Mount Everest (the world's highest mountain) a staggering 23 times! What amazing facts can you find out about Mount Everest? Create a fact file with pictures to record your findings.
- Topic: Research famous mythical sea monsters and then use your imagination to create one of your own. Write a vivid description of it using lots of interesting language. A drawing of it would be good too.
- Maths: Calculating the perimeter of shapes worksheet.
