

Class A

Brain Builder Book

Friday 28th June to be handed in by Friday 5th July 2019

Basics: reading, spellings and times tables – these must be done throughout the week. Children will be tested on their spellings on Mondays.

Then choose from the list of activities below. Complete as many as you like. If you want to do something different that still links to what we have been learning in school, then you can do that instead! The choice is yours.

Rules: You should complete 2 pages (no more!) of your Brain Builder Book each week and your work should be well presented.

- News: There is a heatwave across Europe at the moment with temperatures above 40°C. It could be on its way to the UK. Do you know how to stay safe in the sun? Design a poster giving tips on how to be sun-savvy.
- Topic/Science: Research ocean food chains and food webs. Describe and illustrate how the sea animals get their food.
- Maths: Shark Infested Co-ordinates worksheet.
