

Class B

Brain Builder Book

Friday 13th Sept to be handed in by Friday 20th Sept 2019

Basics: reading, spellings and times tables – these must be done throughout the week. Children will be tested on their spellings on Mondays.

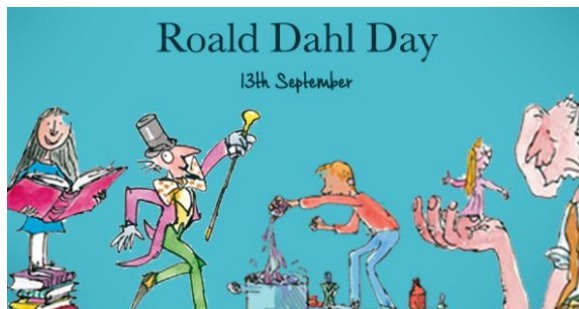

Then choose from the list of activities below. Complete as many as you like. If you want to do something different that still links to what we have been learning in school, then you can do that instead! The choice is yours.

Rules: You should complete 2 pages (no more!) of your Brain Builder Book each week and your work should be well presented.

- News: Fossil scientists have found the bones of a 'frozen dragon', a new type of pterosaur (flying reptile) in Canada. They have named it Cryodaken boreas. Imagine that you have discovered a new flying creature. Write some facts about your creature and draw a picture of it.

- Maths: The worldwide celebrations for **Roald Dahl Day** are on Friday 13th September! Complete the Roald Dahl Maths challenge questions.

- Topic: Our Topic this term is the **Ancient Egyptians**. The Ancient Egyptians used a special kind of writing called hieroglyphics. Can you write your name in hieroglyphics? Maybe you could even write a message to a friend.
