

Optional additional school work schedule for week commencing week 30th March 2020.

Hopefully most of you should now have your RWI work packs and maths workbooks. Rather than overwhelm you with lots of extra home learning we have decided to put together a weekly sheet of other optional learning ideas. From the photos you are posting on Dojo we can see that lots of you are coming up with your own fantastic ideas for learning. These are very difficult times for everyone and you are all doing a great job keeping your families safe and educated at the same time. We all know children learn best in a classroom which is why we have a job! However at times like this you are giving your children the best learning experiences you can. It is important to remember to have fun and look after our mental health too.

Literacy	Numeracy	Topic/Creative	Physical
<u>Send a letter</u> Write to a friend or family member or draw a picture. Pop it in a stamped addressed envelope and post it when you can.	Whiterosemaths.com has a home learning page. Lessons are organised by year group. They have a teaching video to watch followed by an activity. There is no need to print the sheets you can view them on the screen and your children can answer and discuss them with you.	<u>Make a puzzle</u> Cut up a picture from a magazine or a hand drawn picture into different shapes to make your own puzzle.	Join Mrs Parry and Mrs Cioffi each day with Joe Wickes's workout. Live at 9:00am on his YouTube channel The Body Coach.
<u>Learn a poem</u> Find a poem from a book or online and challenge yourself to learn it off by heart. Try performing it with actions.		<u>Learn a new skill!</u> If you can't already learn to tie your shoelaces or tell the time.	While the weather is so good, don't forget all of the lovely P.E you could be doing in the garden.
<u>Write a story</u> Write a story in your literacy book that starts with "One day I was wandering around the garden...."	Log on to 123 maths if you have picked up your pack from school. Or Log onto Time Tables Rockstars. www.topmarks.co.uk is also a good website with some lovely maths games on.	<u>Play a board game</u> Play one of your favourite board games with your family or design and make your own board games.	Make an obstacle course inside or out.
<u>Start a Diary</u>		<u>Science</u>	
<u>Practise reading one of your favourite stories</u>	The children could practice their number bonds too.	Grace Darling had a big influence on the Royal National Lifeboat Association (R.N.L.I) can	

<p>Could you read it aloud to your family, or maybe over FaceTime to a grandparent or family member?</p> <p>Tune into the Read Write Inc. live phonics lesson set 2 sounds, live at 10:00 a.m., set 3 sounds live at 10:30 a.m. on their YouTube channel. Follow the link from the school website homepage. Remember to use your weekly RWI book to practice the red and green words. As well as listening to a grown up read the book to you, read your book each day and show off on Friday by reading it really fluently with lots of expression.</p> <p>Handwriting –Have another go at the letters from last week. Can you record some simple words using the letters practised in handwriting books</p> <p>Practise your spellings, remember it's spelling test on Friday</p>	<p>10. $9+1=$, $8+2=$ etc. 20 . $17+3=$, $5+15=$ etc. 100. $80+20=$, $40+60=$ etc Or challenge to use $64+36=100$</p>	<p>you carry out an experiment to find out which materials would make good clothing for R.N.L.I volunteers out at sea.</p> <p><u>Can you research the R.N.L.I,</u> maybe you could make a leaflet about it.</p> <p><u>Art</u> Have a go at drawing a Gregosaurus with Rob Biddulph, it's so much fun! https://www.youtube.com/watch?v=bhyCxVPb1qU</p> <p><u>PHSE</u> Carry out an act of kindness towards someone in your family.</p>
