

Nursery Home Learning - Monday 27th April 2020

Please choose one task or do all three.

Mathematics

Listen to the 'Little Number Song to 10'.

We are going to learn about buzzy bees.

Can you draw 5 beehives and 10 buzzy bees?

Remember to count them one at a time.

Phonics

Listen to your favourite phonics song.

B for buzzy bees.

How many things can you find that begin with the letter sound 'b'?

Literacy/Expressive Arts & Design

We will be learning lots of exciting facts about bees but today I would like you to watch and listen to 'The Happy Bee' by Ian Beck.

Now I would like you to design a buzzy bee headband.

Think about what colours you need to use.

Think about their little antennae, see if you can find out what they are! How many do they have?

When you have finished your headband, buzz around like a bee!
