

Reception Home Learning - Monday 4th May 2020

PLEASE remember to join in with the RWI speed sound sessions every morning on the Ruth Miskin youtube channel and read your Read Write Inc books every day.

Mathematics

This week we are 'Pirates'. Ahoy!
Sing the song 'Ten Green Bottles'.
Your mission today is to find an object which is the 3D shape of a cylinder to make a telescope.
I would like you to decorate your telescope using a repeated pattern. You can use any two colours you want.

Physical Activity

Pick someone in your house to be the judge.
How long can you pretend to be asleep without moving?
Can you time this with a phone or put on some music?
Can you stay still for the whole song?

Literacy/Phonics

Remember to watch the speed sound lesson.

Listen to the story of 'Pirates Love Underpants' written by Claire Freeman and Ben Cort on Kids Book Read Aloud.

Can you use your telescope to write down a list what you can see around your house or garden?

Expressive Arts and Design

In the story, the pirates all love underpants and they are on a special quest to find the Captain's golden pants from his treasure chest.

Can you design a pair of 'Pirate Underpants'?
