

B

- 1 The children in a school were allowed to vote for the colour of the new PE vest. These are the results of the vote.

Vest colour	Votes
blue	40
green	5
pink	50
red	20
white	35
yellow	25
others	10

Draw a bar chart to show the results. Label the bar chart in fives.

- 2 Six children timed how long it took them to walk to school. These are the results.

Name	Time (minutes)
Dean	18
Karl	12
Kerry	6
Maya	16
Marcus	22
Sharee	10

Draw a bar chart labelled in twos to show the results.

C

- 1 Sinead wanted to know how long the words were in her reading book. She looked at the first 400 words. These are the results of her investigation.

Number of Letters	Number of Words
1	10
2	65
3	95
4	125
5	35
6	30
7	15
8	10
Over 8	15

Draw a bar chart to show Sinead's results. Label the bar chart in tens.

- 2 A company manufacturing dog food wanted to know which breed of dog to have on their cans. They asked 1000 people to name their favourite breed. These are the results.

Breed	Votes
Beagle	130
Boxer	80
German Shepherd	170
Golden Retriever	160
Labrador	210
Yorkshire Terrier	140
Others	110

Draw a bar chart labelled in twenties to show the results of the survey.
