

Reception Home Learning - Thursday 7th May 2020

PLEASE remember to join in with the RWI speed sound sessions every morning on the Ruth Miskin youtube channel and read your Read Write Inc books every day.

Mathematics

I would like you to go and find treasures (stones, soil, flour, oats) anything you can weigh.

Decide which of your items will weigh the heaviest.
Ask an adult if you can use the scales and weigh your items.

Put them in weight order from heaviest to lightest.

Literacy/Phonics

Remember to complete RWI.

In the Night Pirate story, Tom thinks that the front of his house might be being stolen by monsters, trolls, ogres or gremlins.

Draw one of these creatures and describe it using lots of interesting vocabulary.

If you need to, listen to the story again.

Physical Activity

Pirates don't like getting their feet wet. Can you make stepping stones using chinks, pieces of card, blankets. Pretend you are leaving your pirate ship and you need to jump from rock to rock to reach the shore.

Try with your stones close together then try again with them further apart. How far can you jump?

Expressive Arts and Design

Can you draw a picture to show the description below?

The pirate has a black hat.

A black eye patch.

A wooden leg.

And shiny gold teeth.

He has a parrot on his shoulder.
