

Class B

Brain Builder Book

Friday 6th November to be handed in by Wednesday 11th November 2020

Basics: reading, spelling and times tables – these must be done throughout the week.

Then choose from the list of activities below. Complete as many as you like. If you want to do something different that still links to what we have been learning in school, then you can do that instead! The choice is yours.

Rules: You should complete 2 pages (no more!) of your Brain Builder Book each week and your work should be well presented.

- Maths: We have now moved onto subtraction in our maths lessons. Complete the subtraction worksheet.
- News: Linking to our Science topic of light, we are learning about festivals of light around the world. The Hindu festival of Diwali starts this weekend. Can you have a go at making some chapattis or mango lassi or coconut squares (only for people with a sweet tooth!)?
- News: 16th-22nd November is Road Safety Week but do you know the Green Cross Code? Find out what it is and make your own booklet about it.
- Topic: From Port Said in Egypt, Nellie Bly might have had time to take a trip to the Valley of the Kings. Do research and then write a fact file about what she would have seen there.
