

Reception Home Learning - Tuesday 12th January 2021

PLEASE remember to join in with the RWI speed sound lesson which will be sent through DOJO.

Mathematics

Listen to 'ten little numbers' number song.

Draw the outline of a bus.

One person gets on the bus, draw one person.

It stops at the first bus stop and two people get on. Draw two people.

How many passengers are on the bus now?

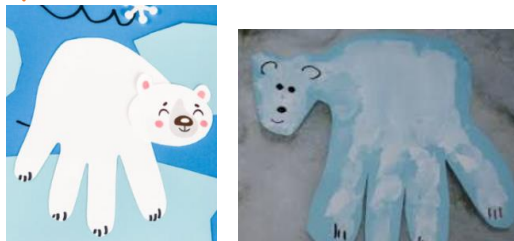

Encourage your child to notice that there is *one more* each time, and to count the new total.

Repeat exploring one less by crossing the person/people out each time.

Expressive Art and Design

Can you create a handprint Polar bear using paints or draw around your hand and then cut it out?

Literacy

Yesterday we watched and listened to a story about a bear. Today we are going to learn some facts about Polar bears.

Watch the following clip:-

<https://youtu.be/--xEE7K67Xo>

Writing

Write 3 facts about Polar bears. It could be about their diet (what they eat), where they live (habitat) or any other interesting fact.

Remember to think about the sentence first then write it down. Keep checking each word to make sure your sentence makes sense.

Mindfulness

Find your favourite teddy and have a bit of tummy time. Play some mindfulness music and lie down with your teddy on your tummy, breathe in slowly through your nose and breathe out through your mouth.
