## **Statement of intent**

Furness Vale Primary and Nursery School believes it is essential to ensure all pupils are safe when they leave school at the end of the day. ## RE: Collecting pupils from school

Dear name of parent,

I am writing to you today with regards to pupils who are being collected late from school, who are being collected by other people than those specified and who are often uncollected altogether.

I would first like to take this opportunity to thank those parents who abide by the school's policy for collecting pupils from school.

Our school has a Collecting Children from School Policy, which I have included with this letter for parents to review. Despite this, it has come to my attention that some parents are not following the procedures that are in place. It is for this reason that I would like to take the opportunity to explain the importance of the school's Collecting Children from School Policy and why there is a need for consistent procedures to be established and adhered to.

Through this letter, I hope to provide clarification on the school's procedures for collecting your children, and avoid any confusion, inconvenience and frustration in the future. I urge parents to read the contents of this letter thoroughly.

At our school the safety of your children is of the utmost importance to us, which is why we have the following procedures in place.

### Running late

If, when coming to pick your child up from school, you are running late, I ask that on each separate occasion you ring the school office on number and inform the school that you are running late and when you can be expected at the school. We also ask that you be mindful of the time at which you notify the school; wherever possible, we ask parents to notify the school no later than 30 minutes before the specified collect time.

If applicable, please also name the person who will be collecting your child on your behalf. The school may ask you for a description of the individual that you have stated if they are unknown to the school. Additionally, we may request that a password is put in place, for us to ask the individual who comes to collect your child. Pupils of the school will not be released from the school unless staff are completely satisfied that they are safe. When parents are not at the school on time to collect their children, pupils will be kept in the school office and will be supervised by their classroom teachers.

## Recurring late pick-ups

As our policy states, the length and frequency of late collections are monitored by the school, and any concerns regarding a pupil's safety that may be associated with late pick-ups will be appropriately addressed by the school's [DSL](#), where applicable.

A record is kept of incidents where parents are late with no reasonable explanation, and the school may charge a [£15](#) fine for parents who are late to collect their child more than [three](#) times a [term](#) without a reasonable explanation. In addition, the school may send parents a letter inviting them to a discussion about their circumstances and any arrangements that can be made to assist the parents.

## Non-collection

It is unfeasible to expect school staff to watch pupils after the end of the school day. A section pertaining to non-collection can be found in the [Collecting Children from School Policy](#) and should be read with care.

A member of staff will supervise the pupil and the school will try to contact parents, and other listed emergency contacts, in the event that a child is uncollected from the school. Under no circumstances will school staff go looking for parents. If no contact can be made and no specified adult (someone that has been approved to collect the pupil) has come to collect the pupil within an [hour](#) of the original collection time, the school will have no alternative but to follow their child protection procedures and contact children's services or the police.

## Collecting a pupil on someone's behalf

The school will never, under any circumstances, allow a pupil to leave the premises with an adult who has not been specified as someone with responsibility for collecting the pupil. If there is a change in who will be coming to collect a pupil, this **must be communicated to the school**, where a description of the person and a password will be asked of you, to ensure your child's safety.

The school **will not** accept a list of people who may collect the pupil as a substitute to calling the [school office](#) and informing the school directly of the change in collection. Having a list of potential adults who may or may not be collecting a pupil is a gateway to confusion and inconsistencies, which is where mistakes can be made.

If you are running late, or due to some other unforeseen circumstances, please ring the [school office](#) on [number](#) to inform us who will be collecting the pupil on your behalf and please be ready to provide a description of the individual as well as a password.

It should also be noted that the school will ask the individual who is collecting the pupil for proof of identification, and they should be ready to provide this.

Finally, please have the same consideration for the above when your child is attending an after-school club – the procedures outlined in this letter and in the included policy are still enforced and should still be followed. In addition, parents are responsible for arranging and ensuring that their child is taken from the school to another club that is held at a different site – teachers will not fulfil this responsibility.

I understand that sometimes emergencies happen which may make the above procedures seem cumbersome; however, I would like to reassure you that the school has these procedures in place for the sole purpose of protecting the pupils of the school. The whole school appreciates your cooperation with following these procedures and we will be understanding of valid explanations and emergencies.

If you have any queries in regards to this letter, you are welcome to email myself, [name and job title](#), using [email address](#) or [alternative contact details](#). I will, of course, be happy to respond to any queries.

Also included in this letter is a slip which should be completed and handed back to the [school office](#) by the [end of the week](#). The slip outlines the emergency contact details for your child. I am asking that parents complete this slip to ensure that the school holds accurate and up-to-date emergency contact details for all pupils.

Thank you for taking the time to read this letter. I would also like to reiterate my thanks to the vast majority of parents who follow the school's procedures.

Kind regards,

**RE: Non-collection of pupil**

Dear name of parent,

As you are aware, name of child was not collected from school on day/date and we were unable to contact you, or the emergency contact, via the details you provided to the school.

I would like to remind you that, in the event of non-collection of a pupil, name of school must work in accordance with child protection procedures. For this reason, children's services and the police were made aware of the situation on date.

I hope the reasons for the late collection of your child are not serious, but I encourage you that if you are experiencing difficulties collecting your child on time, or arranging transportation for them, please do come in and speak to either myself or your child's teacher and we can discuss ways in which we may be able to help.

Kind regards,
